

# Longman Micro Software Order Form

Please ensure that you complete all sections of this form in capitals, reading Section B **before** doing so.

## Section A

Name \_\_\_\_\_ Initials \_\_\_\_\_

School/Institution \_\_\_\_\_

Address \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_ Post Code \_\_\_\_\_

## Section B

### Terms and conditions of Longman Micro Software Licence

Longman Micro Software is guaranteed to run only on the unenhanced systems specified. If a program will not load as the result of faulty medium, it will be replaced unconditionally provided that it is returned within four weeks of dispatch from Longman. For two years from purchase, licencees will also receive (free of charge) notification of any major bugs and, in the case of serious problems, free disk replacement.

Longman Micro Software is sold on condition that it is used solely within the purchasing school or institution. It is recommended that, where possible, a single backup copy is made of each program as a precaution against accidental damage. The making of additional copies for other purposes is strictly prohibited.

Use is not restricted to a single machine within the purchasing institution, but this licence does not grant permission to include Longman Micro Software programs in networks.

More detailed information on networks and how to obtain a licence is available in the Longman Micro Software Catalogue.

**I agree to the above conditions**

## Section C

Please complete this section as it provides us with a valuable check on the version you have ordered, and helps to ensure that you are sent the right software for your system. Inclusion of a feature in this section does not necessarily mean that it is supported for a particular (or any) piece of software.

Please tick the appropriate boxes.

RML	Memory Size	<input type="checkbox"/> <input type="checkbox"/> K	Network	<input type="checkbox"/>	<b>Research Machines</b> Most RML disks contain Easistart: a Longman facility which enables users to make a self-starting copy, and a suitable version of BASIC 5. Computers in the Curriculum Graphics Editions need the High Resolution Graphics Board.
	380Z	<input type="checkbox"/>	-5¼"	<input type="checkbox"/>	
	480Z	<input type="checkbox"/>	-8"	<input type="checkbox"/>	
	Disk	<input type="checkbox"/>			
	Cassette	<input type="checkbox"/>
